# A Community Commitment

55 YEARS STRONG

Black Knight Financial Services is a premier provider of integrated and innovative technology and comprehensive data and analytics solutions to the mortgage industry. Our company has grown to campuses across the United States and India – and our commitment to our communities has remained strong. Our employees have a deep commitment to help the communities where we work and live.

## Living Up to Our Honorable Namesake

In 2014, we became Black Knight Financial Services. Incorporating the Knight into our company identity is a fitting tribute to Black Knight's heart of service. Medieval knights were chosen for their valor and honor to serve and protect. Knights upheld the highest moral standards and were always champions for doing what was right.

We have adopted corporate values in honor of these knights, and the standards they used to guide their actions. These values now guide all that we do in business and in our communities.

# Good Health

Flourishing communities are made up of healthy people. Black Knight is proud to sponsor and participate in events that encourage active lifestyles and good health. Our employees help fulfill our commitment to creating healthier neighbors in a wide variety of ways.

Employees from the Jacksonville, Florida offices gathered together to participate in a unique and fun way to give back to the community at the Dragon Boat Race in September 2016. Each year, teams of 20 paddlers race traditional Chinese dragon boats along the St. Johns River to raise critical funds for In the Pink, a local boutique that helps women heal, cope with and survive the physical and emotional effects of cancer.

In Black Knight's Aurora, Colorado office, employees have adopted Brent's Place as a cause close to their hearts. Brent's Place is a special home away from home for children receiving cancer treatment at nearby hospitals. To support Brent's Place, Aurora-based teammates prepare and serve meals to resident families, participate on the executive leadership committee, plan fundraisers, ride in a 160-mile bike ride to raise money and awareness, and more.
